

Today

hi! who's this?

Hey, I'm Himisha.

Welcome to my **digital resume**. Read it like a chat: a question, then my answer.

I build brands people actually want to follow: the strategy, the reels, the creators, and the events people turn up to.

Right now I'm Creative Head at Inflooo, I run social media for South Indian Logic, and I've just started my own real estate media page, Legit Spaces.

Ok, what have you actually grown?

~~50K~~ 84K

Instagram followers for **South Indian Logic**, a Hyderabad studio behind Telugu web series like *Dear Kavya* and *Dil Khush*. I helped take the page from about 50,000 to 84,000: **over 34,000 new followers, roughly 68% growth**, through consistent planning, new creative formats and posting built around what the audience wants.

At Inflooo I look after the digital presence of around **10 brand accounts**, each in a different industry with its own voice. On my own page, @himishachowdary, about **37K people** follow along.

What are you working on right now?

Three things, all at once.

Inflooo

Creative Head, Brand Management & Marketing · **Sep 2025 to now**

- Brand positioning, content direction and communication plans for multiple businesses
- Creative ideation: reels, statics, scripts, briefs, hooks and calls to action
- Finding and coordinating micro and nano creators, and keeping brand and creator on the same page
- Helping build original content IPs: formats and recurring content properties

South Indian Logic

Social Media Manager, Creative & Content Strategy · **Jan 2026 to now**

- Content calendars and publishing plans for web series, short-form videos and Instagram
- New post and reel formats to grow organic reach
- Promoting series launches and tracking audience growth

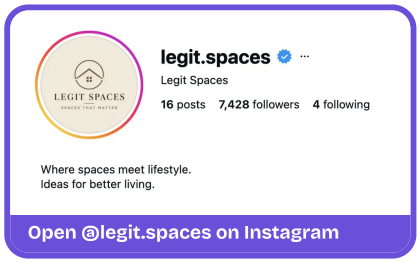

Telugu entertainment studio · @southindianlogic · YouTube · southindianlogic.com

Legit Spaces

Founder, Brand Development & Content Strategy · **Oct 2026 to now**

- My own real estate media brand for Hyderabad and Telangana. The promise: **No brokers. No bias.**
- I built the positioning, identity and visual direction
- Short videos that explain HMDA, RERA, DTCP, EC, patta, mutation and property papers in plain language

Can you take it off the screen too?

That's my favourite part. Some of what I've helped dream up, promote and run with creators:

No. 01
Street runs
Community runs with creators

No. 02
Pickleball activations
Brand moments on court

No. 03
A friendship-themed race
Run with your people

No. 04
Influencer trips
Creators, one itinerary

No. 05
Free hearing-screening camps
At old-age homes, for a healthcare client

No. 06
Billboards and pamphlets
Offline ads that match the online story

I handle the idea, the promotion, the creator coordination and the posts around it, so the event and the feed tell the same story.

Wait, you studied engineering? How did you end up here?

It's less of a jump than it looks. Theatre taught me audiences, engineering taught me structure, and Amazon taught me to check every detail.

2014 — **Cambridge IGCSE, Reqelford International School**
Seven subjects with Distinction. Inter-school basketball and art competitions.

2018 — **Senior Secondary (CBSE), MPC with English and Visual Arts**
Cultural Secretary of the Student Council: school-wide cultural and sports events. Dance, basketball, debate, visual arts.

2020 — **B.Tech, Electronics & Instrumentation, VNR VJIET**
Creative Head of the Dramatix acting club and its stage plays. Helped plan Scintillations, the college culture fest, and N-Army, a sustainability drive.

2020 — **Freelance marketing for a healthcare organisation**
Ran Instagram, LinkedIn and YouTube, awareness campaigns, hearing-screening camps, billboards and pamphlets, alongside college.

2024 — **Quality Specialist, Maps Operations, Amazon**
Address resolution, geocode fixes and map-edit checks. Where I learnt process, error analysis and working across teams.

2025 — **Creative Head, Inflooo**
Back to brands, creators and campaigns, full time.

2026 — **Social Media Manager, South Indian Logic**
Telugu web series and short-form entertainment. Plus my own work in front of the camera: short-form series, web series and OTT-related projects.

Now — **Founded Legit Spaces**
Real estate, explained honestly.

So what would you bring to my team?

Someone who can think up the idea and also ship it. Here's the toolkit:

Brand & marketing
Brand management · Positioning · Marketing strategy · Campaign management · Audience research · Marketing communication

Creative & content
Creative direction · Scriptwriting · Storytelling · Copywriting · Short-form video strategy · Creative briefs · Entertainment & OTT content

Social & digital
Instagram · LinkedIn · YouTube · Content calendars · Organic growth · Meta Business Suite · Canva · Short-form editing

Creators & events
Influencer marketing · Creator management · Brand collaborations · Activations · Community engagement

Leading the work
Creative leadership · Team coordination · Project management · Client communication · Problem-solving

I talk to your audience in their language
- **Telugu** — Native
- **English** — Professional
- **Hindi** — Professional

Ok, I'm in. How do we start?

Your turn.

Tell me what you're working on. I'll take it from there.
